

Institutional stakeholder to develop community
Observer member at works the U.E.

Introduction

U.P.K.L. is an international association based in Brussels, Observer Member in XG HEPA Commission and promotes the figure of the European Social Sport Coach in compliance with the promotion of Human Rights through Sport.

UPKL supports, encourages and coordinates projects that allow the dissemination and enhancement of Human Rights through the arts, professions, professions, physical activity and sports disciplines intended as tools to achieve the goals of social cognitivism in the educational and training pathway of young European citizens.

In concrete terms, U.P.K.L promotes and realizes educational courses aimed at developing and enhancing the neuro-cognitive and social functions together with learning basic and specific discipline.

The action of U.P.K.L. is achieved thanks to the recognition of the legal status of AISBL (International Non-Profit Association) issued by the Belgian Ministry of Justice WL22 / 16394 of 15 January 2014.

The scenery

In 2015 U.P.K.L. as an Observer Member in the works of the XG Commission HEPA successfully proposes to include, in the homologous Recommendation to Article 6, the teaching of Human Rights through physical-motor activity and sports disciplines as a cornerstone for the education of young people .

In 2016, the MIUR (Education Italian Ministry) signs the Memorandum of Understanding with U.P.K.L. initiative that incorporates the European HEPA recommendation and qualifies the European Social Sport Coaches as useful resources to promote social education together with motor activities.

In 2018 the WHO (World Health Organization) presented the guidelines of the program More active people for a healthier world, strategy for the growth of the active population and engine to realize the new European social model.

The operational guidelines from 2018 to 2030 propose the creation of an Active Company, composed of Environments and Active Systems founded by Active Persons who share the approach to Human Rights as a social catalyst in relationships and behavior among individuals.

Action in the territories

U.P.K.L. has defined in partnership with UESpT (Union Européenne du Sport pour Tous) the quality frame work that defines the requirements and skill training standards of the figure of the European Social Sport Coach.

U.P.K.L. in partnership with the Italian Institute of Quality Certifications, it defined the standards for issuing the certification that attests to the achievement and quality of the skills achieved and maintained over time by the operators

The skill training standard of the figure of the European Social Sport Coach is a cultural heritage made available to each EU Member State. by signing governmental agreement protocols with the interested entities.
